

Volkswagen Transporter LWB TDi Auto Wheelchair Accessible Vehicle

Content

This 2018 Volkswagen Transporter LWB Automatic 2.0 TDI is a low-mileage, one-owner, ex-Motability wheelchair accessible vehicle with a full service history. Professionally converted by Brook Miller, it features a rear access ramp and lowered rear floor, creating a spacious and practical wheelchair area-ideal for larger wheelchairs, mobility scooters, or even electric bikes.

As a long wheelbase (LWB) automatic Transporter WAV, this vehicle offers exceptional interior space, making it perfect for families, carers, or businesses looking for a reliable wheelchair accessible van with extra room for passengers and luggage. The smooth DSG automatic gearbox provides a comfortable and effortless driving experience, ideal for both city driving and long-distance travel.

Located in St Georges, Weston-super-Mare, Michael Harraway Cars supplies quality wheelchair accessible vehicles across Somerset, Bristol, Devon, and the wider South West. If you're searching for a high-quality WAV for sale in the UK, this Transporter is an excellent choice.

Frequently Asked Questions (FAQ)

Q1. How many wheelchair passengers can this vehicle accommodate?A: This vehicle is designed to safely accommodate one wheelchair passenger. As a long wheelbase (LWB) model, it also offers generous interior space, providing plenty of room for additional luggage without compromising comfort.

Q2. Does this vehicle come with a spare wheel?A: Due to the lowered rear floor, there's no space for a spare wheel. Instead, the vehicle comes with a tyre inflation repair kit.

Q3. Can I carry my electric bike in this vehicle?A: Yes, you can. Wheelchair-accessible vehicles are

well-suited for transporting bikes. This Volkswagen Transporter is particularly ideal thanks to its long wheelbase (LWB) and extended wheelchair space, which easily accommodates larger electric bikes.

Q4. Does this vehicle have AdBlue?A: Yes, it does. Like most modern diesel vehicles, it uses AdBlue to help meet Euro 6 emissions standards. AdBlue is a fluid added to a separate tank that reduces harmful nitrogen oxide (NOx) emissions, making the vehicle more environmentally friendly.

Q5. Is it possible to fit a tow bar to this wheelchair accessible vehicle?A: No, it is not possible to fit a tow bar to this vehicle. The rear has been specially adapted with a lowered floor and a wheelchair access ramp, which means there isn't sufficient structural space or compatibility to safely install a tow bar.
