

Ford Tourneo Connect Wheelchair Accessible Vehicle (WAV) For

Content

This 2023 Ford Tourneo Connect Titanium 2.0 EcoBlue Wheelchair Accessible Vehicle (WAV) is a low mileage example professionally converted by Allied Vehicles. Designed for practicality, comfort, and ease of use, it offers 3 seats plus space for a wheelchair user or mobility scooter, making it ideal for families or carers.

With its lightweight rear ramp, lowered floor, and electric winch, this vehicle is particularly well suited for single person operation, allowing a wheelchair user to be loaded safely and efficiently with minimal effort.

Available from Michael Harraway Cars, based in Weston-super-Mare in Somerset, we regularly supply customers across Bristol, Bath, Devon, and the wider South West, with local delivery available.

Key Vehicle Information

Mileage: 5,951 miles.

Seating: 3 Seats plus Wheelchair or mobility scooter

Road Tax: £200 (12 Month)

Full Service History: Yes

Euro Standard: Euro 6.

Wheelchair Accessibility Features

3 Seats plus Wheelchair or mobility Scooter

Lightweight rear access ramp with fold flat function

Lowered rear floor for improved headroom and comfort

Electric wheelchair winch to assist with loading

4-point wheelchair restraint system for safety

Professional adapted by Allied Vehicles

Measurements for Wheelchair / Scooter area.

Suitable for most standard wheelchairs and many mobility scooters

Key access internal dimensions for this vehicle are:

Ramp width: 75 cm

Ramp length: 140 cm (up to winch)

Entry height (doorway): 138 cm

Internal width alongside rear seat: 67 cm

Always measure your wheelchair or mobility scooter before purchase.

Practical Benefits

This Tourneo Connect is a great all-rounder for day-to-day life. The compact size makes it easy to drive and park, while still offering plenty of interior space for a wheelchair user.

The electric winch takes away the strain of loading, which can be especially helpful for carers or family members. The lowered floor provides good headroom, helping the wheelchair passenger feel more comfortable on longer journeys.

Who This Vehicle Is Ideal For

This vehicle will suit:

Families needing a reliable and easy-to-use wheelchair accessible vehicle

Individuals looking for a low mileage WAV for sale in the UK

Carers who want a straightforward and manageable setup

Anyone wanting a balance between comfort, size and practicality

Electric adjustable and folding mirrors

Cruise control with speed limiter

Driver and passenger airbags, side airbags

Traction control, ABS and power steering

LED daytime running lights

Height adjustable driver's seat

Frequently Asked Questions (FAQ)

Can it carry a mobility scooter instead of a wheelchair?

Yes, in most cases. The ramp is 75 cm wide and 140 cm long, and the internal width alongside the rear seat is 67 cm. Many Class 2 and smaller Class 3 mobility scooters will fit. We always recommend measuring your specific scooter and contacting us to confirm before purchasing.

How many people can travel with the wheelchair user?

Three standard seats are available in addition to the dedicated wheelchair position. That means the vehicle can carry up to four people in total: one wheelchair user secured in the WAV position, plus three seated passengers

Is this WAV easy to load a wheelchair into?

Yes, this WAV is designed to make loading a wheelchair straightforward and stress-free. The lightweight rear ramp folds out easily, and the electric winch helps pull the wheelchair into position with minimal effort. Thanks to the lowered floor, the entry angle is gentle and comfortable for the wheelchair user. Overall, the setup is simple enough for one person to manage without any specialist training

Is it suitable for long journeys?

Yes, it is well-suited to longer trips. The lowered floor provides good headroom for the wheelchair passenger, and the Titanium specification includes air conditioning, cruise control, and satellite navigation. The 2.0 EcoBlue diesel engine also returns strong fuel economy.

What is the annual road tax for this vehicle?

Road tax is £200 per year. As a Euro 6 diesel, this vehicle falls into a standard VED band with no surcharge.
