

# Volkswagen Caddy Maxi 2.0 TDI Wheelchair Accessible Vehicle

---

## Content

This 2019 19 Volkswagen Caddy Maxi 2.0 TDI Wheelchair Accessible Vehicle (WAV) is a rare and highly practical example, offering 4 seats plus a wheelchair user or mobility scooter. Professionally converted by the Automotive Group, this model is particularly well suited to those requiring extra internal space and flexibility.

With its longer Maxi wheelbase, lowered rear floor, and extended wheelchair area, this vehicle is ideal for larger wheelchairs and mobility scooters, while still retaining comfortable seating for passengers.

Available from Michael Harraway Cars, based in Weston-super-Mare, we regularly supply customers across Bristol, Bath, Devon, and the wider South West, with delivery options available.

### Key Vehicle Information

Mileage: 35,820 miles

Seating: 4 seats plus wheelchair user or mobility scooter

Road Tax: £200 per year

Full Service History: Yes

Timing Belt & Water Pump: Replaced at 17,757 miles (March 2023)

Euro Standard: Euro 6

Transmission: Manual

### Wheelchair Accessibility Features

Rare 4-seat plus wheelchair configuration

Lightweight bi-fold rear access ramp

Lowered rear floor for improved headroom

Extended wheelchair area (ideal for larger scooters)

Electric wheelchair winch to assist loading

4-point wheelchair restraint system

Professionally converted by the Automotive Group

Measurements for wheelchair/scooter area

Suitable for most wheelchairs and larger mobility scooters.

Key internal access measurements:

Wheelchair area length: 200 cm

Ramp width: 82 cm

Entry height: 146 cm

Internal width between rear seats: 58 cm

Length from ramp to rear seats: 150 cm

We always recommend measuring your wheelchair or mobility scooter before purchase to ensure suitability.

Practical Benefits

The Volkswagen Caddy Maxi is one of the most popular WAV platforms in the UK, known for its reliability, comfort, and strong diesel performance.

This particular example stands out due to its rare 4-seat layout, allowing you to carry more passengers without compromising wheelchair space. The extended rear area makes it especially suitable for larger or heavier mobility scooters, which many standard WAVs struggle to accommodate.

The electric winch reduces physical effort when loading, while the bi-fold ramp provides a practical balance between ease of use and compact storage.

Who This Vehicle Is Ideal For

This vehicle is well suited to:

Families needing 4 seats plus wheelchair flexibility

Buyers with larger mobility scooters

Carers requiring a practical, easy-to-load WAV

Customers looking for a Volkswagen Caddy Maxi WAV for sale in the UK

Anyone wanting a balance of space, reliability, and usability

Other Vehicle Features and Specifications

Alloy wheels

Air conditioning

Bluetooth phone connectivity

DAB radio

Frequently Asked Questions (FAQ)

Is this a rare layout for a Caddy Maxi WAV?

Yes the 4 seats plus wheelchair configuration is much less common than standard 5 seat layouts.

Can it take a large mobility scooter?

Yes, this is one of the key advantages of this vehicle. With a 200 cm wheelchair area length and extended rear space, it is well suited to many larger mobility scooters that may not fit in smaller WAVs. We always recommend checking measurements with us before purchase.

How easy is it to load a wheelchair or scooter?

Very straightforward. The lightweight bi-fold ramp is easy to operate, and the electric winch significantly reduces effort, making it suitable for single-person use.

What are the benefits of the Automotive Group conversion?

The Automotive Group are a well-respected UK WAV converter known for producing durable, practical, and well-engineered conversions. Their designs focus on usability, safety, and maximising internal space.

Has the timing belt been replaced?

Yes, the timing belt and water pump were replaced at 17,757 miles in March 2023, which is a significant maintenance benefit and added peace of mind.

Is this vehicle suitable for everyday use?

Yes, the Volkswagen Caddy drives very much like a standard car or van-derived MPV. It's comfortable, economical, and easy to drive both in town and on longer journeys.

What is the annual road tax?

The road tax is £200 per year.
