

and Tourneo Connect 1.5 TDCi Automatic Wheelchair Accessible

Content

Ford Grand Tourneo Connect WAV Overview

This 2020 (70) Ford Grand Tourneo Connect 1.5 TDCi Automatic Wheelchair Accessible Vehicle offers a smooth, comfortable and highly practical driving experience, combined with excellent wheelchair accessibility and everyday usability.

Previously supplied through the Motability Scheme and owned by just one owner from new, this vehicle has covered only 17,680 miles and benefits from excellent service history.

Professionally adapted by Allied Vehicles, it features a highly practical fold-flat rear ramp system, allowing the rear area to quickly convert back into a flat load space when not carrying a wheelchair passenger or mobility scooter. This makes it ideal for both wheelchair transport and normal day-to-day family use.

Available from Michael Harraway Cars in Weston-super-Mare, we supply customers across Bristol, Bath, Somerset, Devon and the wider South West, with delivery available.

Key Vehicle Information

• Mileage: 17,680 miles • Engine: 1.5 TDCi Diesel • Gearbox: Automatic • Fuel: Diesel • Ownership: One owner from new (Ex Motability) • Seating: 5 seats plus wheelchair passenger or mobility scooter • Euro Standard: Euro • Road Tax / Vehicle Tax (VED): £200 (12 months) • Service History: Excellent documented history

Wheelchair Accessibility Features

• 5 seats plus wheelchair passenger or mobility scooter space • Lightweight rear access ramp with fold-flat feature • Lowered rear floor for improved headroom and comfort • Electric wheelchair winch • 4-point wheelchair restraint system • Professionally adapted by Allied Vehicles

Wheelchair / Scooter Area Measurements

Suitable for most standard wheelchairs and many mobility scooters.

â€¢ Wheelchair area length: 130 cm (up to winch)â€¢ Ramp width: 78 cmâ€¢ Entry height (doorway): 142 cm

Always measure your wheelchair or mobility scooter before purchase.

Practical Benefits

The Ford Grand Tourneo Connect is one of the most practical and user-friendly WAVs available, offering excellent passenger space, comfortable driving characteristics and superb versatility.

The automatic gearbox makes driving effortless, particularly in traffic and on longer journeys, while the raised seating position provides excellent visibility and ease of access.

Its fold-flat ramp system is especially useful, allowing the vehicle to function like a normal family car when wheelchair transport is not required.

With low mileage, one ownership and a high-quality Allied conversion, this example offers excellent long-term usability and value.

Who This Vehicle Is Ideal For

â€¢ Families needing a practical automatic WAVâ€¢ Customers wanting low mileage and one ownershipâ€¢ Wheelchair users needing excellent accessibilityâ€¢ Carers looking for easy loading and operationâ€¢ Buyers wanting everyday practicality alongside wheelchair accessâ€¢ Customers needing a Euro 6 compliant WAV for Clean Air Zones

Frequently Asked Questions (FAQ)

1. Is the automatic gearbox good for wheelchair accessible vehicle use?

Yes. The automatic gearbox makes driving much easier and more relaxed, particularly for carers,

family users and customers regularly driving in traffic or on longer journeys. It removes the need for clutch operation and offers smooth, effortless driving.

2. Can the vehicle still be used like a normal car when not carrying a wheelchair passenger?

Yes. The fold-flat ramp system allows the rear area to convert back into a flat boot floor when the wheelchair space is not needed, making the vehicle extremely practical for shopping, luggage and everyday family use.

3. Is this Ford Grand Tourneo Connect exempt from ULEZ and Clean Air Zone charges?

Yes. This vehicle is Euro 6 compliant, meaning it meets the emissions requirements for ULEZ and most UK Clean Air Zones, including Bristol and Bath, helping avoid daily charges under normal conditions.

4. Is the ramp easy to operate?

Yes. The lightweight ramp is designed for easy single-person operation and is assisted by an electric wheelchair winch to help with loading wheelchairs or mobility scooters safely and easily.

5. Will my wheelchair or mobility scooter fit?

This WAV is suitable for most standard wheelchairs and many mobility scooters. However, we always recommend checking your measurements against the vehicle dimensions before purchase.
