

Volkswagen Caddy Maxi 2.0 TDI Automatic Wheelchair Accessible

Content

Volkswagen Caddy Maxi WAV Overview

This 2023 (23) Volkswagen Caddy Maxi 2.0 TDI Automatic Wheelchair Accessible Vehicle is the latest generation Caddy Maxi, offering Volkswagen's modern design, refined driving experience and outstanding practicality.

With just 12,083 miles from new, this exceptionally low mileage example has been professionally converted by Allied Vehicles, one of the UK's leading wheelchair accessible vehicle converters. It provides comfortable seating for 5 passengers plus a wheelchair user or mobility scooter, making it an ideal choice for families, carers and anyone requiring a spacious and versatile Wheelchair Accessible Vehicle.

Powered by Volkswagen's smooth and economical 2.0 TDI diesel engine paired with an automatic gearbox, this Caddy Maxi delivers effortless driving, excellent fuel economy and superb comfort for both local journeys and longer motorway trips.

Available from Michael Harraway Cars in Weston-super-Mare, supplying customers across Bristol, Bath, Somerset, Devon and throughout the South West, with delivery available nationwide.

Always check your wheelchair or mobility scooter measurements before purchase.

Practical Benefits

The new shape Volkswagen Caddy Maxi is one of the most desirable wheelchair accessible vehicles currently available. Compared with the previous generation, it benefits from a more refined cabin, improved technology and a smoother, quieter driving experience.

This particular example combines the convenience of an automatic gearbox with Volkswagen's proven 2.0 TDI diesel engine, making it equally at home around town or on longer journeys.

The professional Allied Vehicles conversion has been carefully designed to provide straightforward wheelchair access while maintaining comfortable seating for five passengers. The lightweight bi-fold ramp is easy to operate, while the electric winch assists with loading heavier wheelchairs or mobility scooters quickly and safely.

Why Choose the New Shape Volkswagen Caddy Maxi?

The latest generation Volkswagen Caddy Maxi represents a significant step forward over the previous model, offering improved comfort, technology and refinement while retaining the practicality that has made the Caddy one of the UK's most popular wheelchair accessible vehicles.

Built on Volkswagen's modern platform, the new Caddy provides a quieter and smoother driving experience, improved handling and a more car-like feel on the road. The redesigned interior features a contemporary dashboard, enhanced driver controls and increased comfort, making it equally enjoyable for everyday driving or longer journeys.

Combined with Volkswagen's proven 2.0 TDI diesel engine and smooth automatic gearbox, this Caddy Maxi delivers excellent fuel economy, dependable performance and low running costs.

Together with the professional Allied Vehicles conversion, it offers an outstanding balance of accessibility, practicality and everyday usability.

Frequently Asked Questions (FAQ)

1. How many passengers can this Volkswagen Caddy Maxi WAV carry?

This Volkswagen Caddy Maxi can carry 5 seated passengers plus one wheelchair passenger or mobility scooter. This flexible layout makes it ideal for families, carers and community transport.

2. Is this the latest shape Volkswagen Caddy?

Yes. This is the new generation Volkswagen Caddy Maxi, featuring Volkswagen's latest styling, improved interior, enhanced technology and a more refined driving experience than the previous model.

3. Does this vehicle have a wet timing belt?

No. The 2.0 TDI diesel engine does not use a wet timing belt (belt-in-oil system). Instead, it uses a conventional timing belt, which many buyers prefer due to its straightforward maintenance.

Volkswagen generally recommends timing belt replacement at approximately 140,000 miles (there is no fixed time interval published for many versions of this engine), although many Volkswagen specialists recommend replacing it earlier as preventative maintenance.

4. Will my wheelchair or mobility scooter fit?

The wheelchair area measures:

Length: 120 cm

Width: 78 cm

Entry height: 138 cm

Most standard wheelchairs and many mobility scooters will fit, but we always recommend checking your own measurements before travelling.

5. Is the rear ramp heavy to operate?

No. The lightweight bi-fold ramp has been designed for easy operation by one person. The electric winch also assists with loading heavier wheelchairs or mobility scooters.

6. Is this vehicle suitable for ULEZ and Clean Air Zones?

Yes. As a Euro 6 diesel, this Volkswagen Caddy Maxi complies with ULEZ requirements and most UK Clean Air Zones, including Bristol and Bath.

Why Buy from Michael Harraway Cars?

Michael Harraway has over 30 years of motor trade experience, including more than 10 years specialising exclusively in wheelchair accessible vehicles.

Based in Weston-super-Mare, we have helped customers across Bristol, Bath, Somerset, Devon and throughout the UK find the right wheelchair accessible vehicle for their individual mobility needs. Every vehicle is carefully selected, thoroughly inspected and professionally prepared before sale. We understand that every customer's mobility requirements are different, so we're always happy to answer questions, provide honest advice and help you choose the vehicle that's right for you.
