

Volkswagen Caddy Maxi 2.0 TDI DSG Wheelchair Accessible Vehicle

Content

One Owner | Just 12,892 Miles | Automatic DSG | Allied Mobility Conversion | 5 Seats Plus Wheelchair or Mobility Scooter

If you're looking for a high-quality, low mileage automatic Wheelchair Accessible Vehicle, this 2021 (21) Volkswagen Caddy Maxi 2.0 TDI DSG is an outstanding example. Having covered just 12,892 miles from new, this one owner ex-Motability vehicle has been professionally converted by Allied Mobility, one of the UK's leading WAV conversion specialists.

Offering seating for five passengers plus a wheelchair user or mobility scooter, this Caddy Maxi combines Volkswagen's renowned reliability with excellent practicality, making it an ideal choice for families, carers or anyone looking for a comfortable and versatile Wheelchair Accessible Vehicle.

Internal Length: 140 cm

If you're unsure whether your wheelchair or mobility scooter will fit, simply let us know the make and model or provide the dimensions and we'll happily check for you.

Practical Benefits

The Volkswagen Caddy Maxi is one of the UK's most popular Wheelchair Accessible Vehicles, offering outstanding practicality, excellent visibility and Volkswagen's superb DSG automatic gearbox, making it effortless to drive in town or on longer journeys.

The lightweight rear ramp is simple to operate, while the electric wheelchair winch helps reduce the effort required when loading heavier wheelchairs or mobility scooters.

A particularly useful feature of this Allied Mobility conversion is the fold-flat floor system. When the wheelchair space isn't required, the ramp folds neatly into the floor to create a flat load area. This gives you a much larger and more practical boot space for shopping, luggage or everyday use, making the vehicle just as useful as a standard MPV.

About Michael Harraway

I've been in the motor trade for over 30 years, and for more than a decade I've focused entirely on wheelchair accessible vehicles. Based in St Georges, Weston-super-Mare, just five minutes from Junction 21 of the M5, I've sold over 500 WAVs to customers across Somerset, Bristol, Bath, Devon, South Wales and further afield.

I know these conversions inside out, how they're built, what tends to go wrong, and what actually matters when you're choosing one for a specific wheelchair or family situation. I personally look over and test drive every car before it goes on the forecourt. If you've got any questions about whether a car will suit your needs, just get in touch. I'm always happy to talk it through.

Read more about us on our [About Us](#) page.
