

64 Â Peugeot Partner 1.6 HDi Wheelchair Accessible Vehicle (V

Content

This 2014 (64) Peugeot Partner 1.6 HDi Wheelchair Accessible Vehicle (WAV) has covered just 22,705 miles and was professionally converted by Allied Vehicles. It offers a practical and straightforward wheelchair-accessible solution, providing 3 seats plus space for a wheelchair passenger.

The vehicle benefits from a recent timing belt replacement carried out in October 2025, along with four new tyres fitted at the same time, giving added peace of mind for its next owner.

With its rear wheelchair access, lowered rear floor and practical interior layout, this Peugeot Partner is well suited to wheelchair users, families and carers looking for an affordable and easy-to-use WAV.

Available to view in our showroom in St Georges, Weston-super-Mare, we proudly supply wheelchair accessible vehicles throughout Bristol, Somerset, Devon and the wider South West. We also work with a good number of customers across South Wales, many of whom find us an easy trip over the bridge.

About Michael Harraway

I've been in the motor trade for over 30 years, and for more than a decade I've focused entirely on wheelchair accessible vehicles. Based in St Georges, Weston-super-Mare just five minutes from Junction 21 of the M5. I've sold over 500 WAVs to customers across Somerset, Bristol, Bath, Devon, South Wales and further afield. I know these conversions inside out, how they're built, what tends to go wrong, and what actually matters when you're choosing one for a specific wheelchair or family situation. I personally look over and test drive every car before it goes on the forecourt. If you've got any questions about whether a car will suit your needs, just get in touch, I'm happy to talk it through with you.
