

22) Peugeot Rifter 1.5 BlueHDi Wheelchair Accessible Vehicle (

Content

This 2022 (22) Peugeot Rifter Allure has covered just 15,160 miles and is a one-owner vehicle supplied through the Motability scheme. It has been professionally converted by Allied Vehicles to provide comfortable and practical wheelchair access while retaining three conventional passenger seats alongside the wheelchair position.

Powered by the economical 1.5 BlueHDi diesel engine and paired with a 6-speed manual gearbox, the Rifter is an excellent choice for everyday use, offering a good combination of space, comfort, accessibility and fuel economy.

The Allied conversion includes a lowered rear floor, lightweight fold-flat rear ramp, electric wheelchair winch and a 4-point wheelchair restraint system. The fold-flat ramp is particularly useful when the vehicle is being used without a wheelchair passenger, as it can be folded away to make better use of the rear area.

Available to view in our showroom in St Georges, Weston-super-Mare, we proudly supply wheelchair accessible vehicles throughout Bristol, Somerset, Devon and the wider South West. We also work with a good number of customers across South Wales, many of whom find us an easy trip over the bridge.

Vehicle Condition

This is a particularly clean and well-presented Peugeot Rifter. As a one-owner ex-Motability vehicle, it has been well cared for throughout its life and has an excellent service history with Allied Vehicles. We are very selective about the vehicles we buy and take considerable pride in the presentation of our stock. This Rifter is a great example of the standard we look for, with a clean, tidy interior and an exterior that presents exceptionally well.

Before the next owner takes ownership, we will carry out a comprehensive multi-point pre-delivery inspection and service, ensuring the vehicle is thoroughly checked and prepared for collection or

delivery.

About Michael Harraway

I've been in the motor trade for over 30 years, and for more than a decade I've focused entirely on wheelchair accessible vehicles. Based in St Georges, Weston-super-Mare just five minutes from Junction 21 of the M5. I've sold over 500 WAVs to customers across Somerset, Bristol, Bath, Devon, South Wales and further afield. I know these conversions inside out, how they're built, what tends to go wrong, and what actually matters when you're choosing one for a specific wheelchair or family situation. I personally look over and test drive every car before it goes on the forecourt. If you've got any questions about whether a car will suit your needs, just get in touch, I'm happy to talk it through with you.
